

A Working Resource Guide and General Resources for Regenerative Agriculture, Gardening and the Local Food System Resiliency (TBC)

## Resources:

### Permaculture and Agroforestry Resources:

- **Permaculture Research Institute:** A global network of permaculture educators and practitioners.  
<https://permaculture.co.uk/>
- **Agroforestry Research Network:** A global network of agroforestry researchers and practitioners.  
<https://www.agroforestry.org/>
- **The Permaculture Principles and Pathways Centre:** A leading permaculture education and research center.  
<https://permacultureprinciples.com/>
- **Agroforestry Northwest:** Promotes agroforestry practices in the Pacific Northwest.  
<https://www.agroforestrynw.com/>

### Farmland Preservation:

- **Agrarian Trust:** Focuses on preserving farmland.  
<https://www.agrariantrust.org/>

### Regenerative Agriculture Practices:

- **NRDC Regenerative Agriculture:** Foundational knowledge on regenerative agriculture.  
<https://www.nrdc.org/resources/regenerative-agriculture>

## Home Gardening Resources:

### Square Foot Gardening:

- Consider this efficient gardening method for maximizing space. For more information, search for "square foot gardening" online or consult gardening books.

### Gardening Tips and Information:

- **The Old Farmer's Almanac:** Offers gardening tips, planting calendars, and beginner advice.  
<https://www.almanac.com/>

- **American Horticultural Society:** Provides resources and guides on various gardening techniques.  
<https://ahsgardening.org/>
- **National Gardening Association:** Offers information on starting and maintaining a home garden.  
<https://garden.org/>

### **Advanced Gardening Resources:**

- **Royal Horticultural Society:** Comprehensive guides on plant care, garden design, and pest control.  
<https://www.rhs.org.uk/>
- **Gardeners' World:** Features practical gardening advice and instructional videos.  
<https://www.gardenersworld.com/>

### **Sustainable Seed Suppliers:**

- **Seed Savers Exchange:** Focuses on heirloom seeds and offers guidance on seed saving and organic gardening.  
<https://seedsavers.org/>
- **Deep Harvest Seed:** Offers a wide variety of heirloom and organic seeds.  
<https://deepharvestfarm.com/>

## **No-Till and Regenerative Agriculture Resources:**

### **Research and Resources:**

- **Rodale Institute:** Offers extensive research on regenerative agriculture practices, including no-till farming.  
<https://rodaleinstitute.org/>
- **Regeneration International:** Provides global resources and information on regenerative agriculture techniques and success stories.  
<https://regenerationinternational.org/>

### **Education and Advocacy:**

- **Kiss the Ground:** Focuses on education and advocacy for regenerative agriculture, including practical guides and courses.  
<https://kissthegroundmovie.com/>

- **No-Till Farmer:** A dedicated platform offering news, insights, and resources specifically for no-till farming practices.  
<https://www.no-tillfarmer.com/>

### **Holistic Management:**

- **Savory Institute:** Promotes holistic management and regenerative agriculture, offering resources and training.  
<https://savory.global/>
- **Gabe Brown's Regenerative Agriculture:** Features insights and experiences from Gabe Brown, a pioneer in regenerative and no-till farming.  
<https://soilhealthacademy.org/team/gabe-brown/>

### **Additional Resources:**

- **ATTRA:** Provides technical assistance, education, and information to farmers and ranchers.  
<https://attra.ncat.org/>

### **Local Garden Supply Resources:**

- **Bayview Farm and Garden:** A local source for plants, seeds, and gardening supplies.  
<https://www.bayviewgarden.com/>

### **Local Organizations:**

- **Whidbey Camano Land Trust:** Preserves local land and promotes sustainable agriculture.  
<https://wclt.org/>
- **Goosefoot and Island County Food System:** Promotes local food systems and agricultural initiatives.  
<https://goosefoot.org/>
- **Whidbey Climate ACTION:** Advocates for local food support and climate change resiliency measures.  
<https://www.whidbeyclimate.org/>
- **South Whidbey School Farm:** Offers farm-based and culinary educational programs in the public schools.  
<https://whidbeyschoolgardens.wordpress.com/>

- **Bayview Farm and Garden:** Local source for plants, seeds, and gardening supplies.  
<https://www.bayviewgarden.com/>
- **South Whidbey Tilth:** A local community garden and education center.  
<https://www.southwhidbeytilth.org/>
- **Whidbey Island Master Gardener Program:** Offers gardening education and volunteer opportunities.  
<https://www.whidbeygardening.org/>
